

## Request for ROHS certificates

Geert Huggers - 2019-12-10 - Request for ROHS certificates

We have a new global website and this new global website has also a way to download RoHS certificates.

For instance you need the RoHS certificate from the 9841.

First go to the website: <https://catalog.belden.com/>

Then type 9841 in one of the white search bars. The 9841 will appear.

Click on 9841 and extra information will be shown.

The screenshot shows the Belden Online Catalog website. The main content area displays the product page for '9841 - RS-485, (1 pr) 24 AWG (7x32) TC, PE/PVC, Foil+TC Braid Shld, CM, 120Ω'. The page includes a navigation menu on the left, a search bar, and a 'DOCUMENTS' section. The 'DOCUMENTS' section contains a 'RoHS Documentation' link, which is highlighted by a red arrow. Below the 'RoHS Documentation' link, there is a 'Capability Bulletin' link. The 'RoHS Documentation' link is dated 2004-01-01 and has a 'Download' button next to it. The 'Capability Bulletin' link is dated Belden Classics and also has a 'Download' button next to it. The 'Catalog' logo is visible at the bottom of the page.

Then click on the text “documents” (given in blue) and extra documents will be shown.

Now you are able to download the RoHS document.
