

Request for ROHS certificates

Geert Huggers - 2019-12-10 - Request for ROHS certificates

We have a new global website and this new global website has also a way to download RoHS certificates.

For instance you need the RoHS certificate from the 9841.

First go to the website: <https://catalog.belden.com/>

Then type 9841 in one of the white search bars. The 9841 will appear.

Click on 9841 and extra information will be shown.

The screenshot shows the Belden Online Catalog interface. The main content area displays the product details for '9841 - RS-485, (1 pr) 24 AWG (7x32) TC, PE/PVC, Foil+TC Braid Shld, CM, 120Ω'. Below the product image, there are buttons for 'Request Quote' and 'Request Sample'. A navigation bar at the top includes 'Wire & Cable', 'Search', and 'Customer #'. A sidebar on the left lists various product categories. The 'DOCUMENTS' section is highlighted with a red arrow, showing a 'RoHS Documentation' document with a 'Date: 2004-01-01' and a 'Download' link. Another red arrow points to the 'DOCUMENTS' tab in the navigation bar.

Then click on the text “documents” (given in blue) and extra documents will be shown.

Now you are able to download the RoHS document.
